

Our Vision and Aims

Our vision is to be known for high quality education and training that is relevant and responsive to individual and employer needs.

We will achieve this by:

- Delivering high quality assessment and teaching
- Delivering training that is appropriate to the needs of learners and employers and relevant to the economy
- Providing clear processes and procedures which meet and exceed the requirements of awarding bodies
- Providing a supportive environment for our staff to enable them to continually develop their practice
- Promoting equality and diversity in everything we do and challenge unlawful discrimination
- Providing high quality resources and equipment to support learning
- Working in partnership with others and contributing to a culture where people aspire to train and learn through life
- Providing Information, Advice and Guidance that promotes the value of learning, is accessible and enables learners to enter and progress in learning and work.
- Providing learners with the opportunity to attend teaching sessions at Eden Training where vocational and Functional Skills are delivered and one-to-one assessment planning and portfolio building is facilitated.
- Ensuring that health and safety considerations are integral to what we do.

We pride ourselves on:

- Working with learners as individuals to assist them to achieve their full potential and personal goals.
- Working in partnership with employers, learners, career services, schools and other partners, to achieve the right outcomes for learners and employers.
- Striving for continuous improvement to ensure that programmes are both high quality and value for money.
- Working in partnership to ensure that learners have the widest possible choice of high quality employment and training opportunities which fully meet their individual needs.
- Being a champion for those young people and adults who are excluded or disadvantaged in the labour market and who need additional support and encouragement to achieve their goals.
